EXPERTISE

JavaScript, React, Redux, Git, CSS3, HTML, Canvas, Ruby, Rails, Python, Node, Express, SQL, jQuery, PostgreSQL, React Native, Heroku, AWS(Novice), Adobe Photoshop

PORTFOLIO

Boba Buddies | (React/Redux, Rails, PostgreSQL)   **LIVE | GITHUB**
A web app inspired by Tea With Strangers that connects strangers together by meeting at boba places.
● Combined ActiveRecord and PostgreSQL to track users attending or hosting events through a join table
● Devised a single dashboard component to render either hosting or current events for DRY code
● Utilized AJAX requests to immediately update view page of React components and jQuery to retrieve the necessary data to render in JSON through jbuilders

Lynk | (React, React-Native, Lyft API, Uber API)   **LIVE | GITHUB**
A mobile app for Apple iOS platform that compares Lyft and Uber transportation costs.
● Uses React-Native-Maps to render markers for pickup location and destination on map
● Retrieves coordinates for current location (Geolocation) and addresses/place names (Geocoder)
● Renders ride costs by using Lyft API and Uber API to fetch information after submit and parsing data
● Redirects to selected app with data pre-populated using Lyft and Uber APIs

EatIn | (React/Redux, Rails, PostgreSQL, jQuery, Edamam API)   **LIVE | GITHUB**
A web app that allows users to find recipes online based on the ingredients they have in their refrigerator
● User authentication; every user has one fridge to perform basic CRUD functions with ingredients
● Utilizes Edamam API to fetch recipes according to ingredients in the fridge immediately after log in or searching for recipes with search bar

EXPERIENCE

Office Manager | Rehab and Revive Physical Therapy   **APR. 2014 - JAN. 2017**
● Provided training and managed 6-8 interns each term; checked their learning progress at every 90 hours out of 150 required hours of observation
● Wrote over 10 procedural manuals and phone handling scripts for better, structural organization within the company; led to increase in sales leads and patient retention
● Lowered rate of no shows by implementing a 24-hr cancellation policy and initial eval deposit fee

Intern | Rehab and Revive Physical Therapy   **AUG. 2013 - APR. 2014**
● Gathered 400+ observation hours of one-on-one patient-physician sessions
● Prevented patient self-injury by learning exercises thoroughly and instructing patients on how to safely perform them to achieve faster recovery and improve self-maintenance

EDUCATION

APP ACADEMY JAN. 2017 – APR. 2017
Full-stack web development course; acceptance rate < 5%

UNIVERSITY OF CALIFORNIA, RIVERSIDE SEPT. 2009 – JUL. 2013
Bachelor of Sciences in Biology
